

SPA STONE™ FULL SURROUND

Inspired by the architectural stone trend, our Hot Spring® SpaStone Full Surround offers the beauty of organic materials combined with the benefits of durability and low maintenance.

- Designed to simulate natural stone
- Hand-applied finish in attractive colors
- Crafted exclusively for select Hot Spring spas

SPAStone™

FULL SURROUND

The Full Surround is available on the fully featured Vista® and Grandee® spas. The Custom Cabinet (CC) versions of these spas are specially prepared to accommodate the SpaStone cabinet. Optional matching steps are also available to complement the spa.

VISTA®-CC

This spa features 47 jets, including the exclusive Moto-Massage® DX jet that sweeps two warm streams of water up and down your back. The Vista includes a comfortable lounge seat and the BellaFontana® water feature, and seats six adults.

GRANDEE®-CC

This spa features 39 jets, including *two* exclusive Moto-Massage DX jets that sweep two warm streams of water up and down your back. The Grandee includes the BellaFontana water feature and provides barrier-free seating for seven adults.

SPASTONE™ PARTIAL SURROUND

Enjoy the style of an in-ground spa with the advanced features only a portable spa can offer. The Hot Spring® SpaStone Partial Surround lets you create a custom, built-in look that perfectly complements your landscape environment.

SpaStone is designed to simulate natural stone while providing the benefits of low-maintenance synthetic materials. It's available exclusively on select Hot Spring® spas, renowned for the following benefits:

- Wide variety of jets, including the exclusive Moto-Massage® DX jet
- Smooth, ergonomically designed spa seats
- Water that's always hot, always ready when you are
- World's most energy efficient spas

 **HotSpring**®
Portable Spas

SPAStone™ PARTIAL SURROUND

The SpaStone partially recessed surround is a synthetic stone panel that extends 23 inches below the spa shell bartop. The bottom of the SpaStone panel acts as a shelf that seamlessly meets up with a deck or patio surface, and includes a convenient full-length step.

The Partial Surround is available on the fully featured Vista® and Grandee® spas. The Custom Cabinet (CC) versions of these spas are specially prepared to accommodate the SpaStone cabinet.

VISTA®-CC

This spa features 47 jets, including the exclusive Moto-Massage® DX jet that sweeps two warm streams of water up and down your back. The Vista includes a comfortable lounge seat and the BellaFontana® water feature, and seats six adults.

GRANDEE®-CC

This spa features 39 jets, including *two* exclusive Moto-Massage DX jets that sweep two warm streams of water up and down your back. The Grandee includes the BellaFontana water feature and provides barrier-free seating for seven adults.
